

Just The Facts

Three Day Teacher Workshop

Basic Facts? Not so basic, are they? Discover how musical instruments, hammers, airplanes, bugs and leaves can make the difference between success and failure. Using real life manipulatives, students truly understand how to apply algebraic thinking and become independent thinkers and confident problem solvers. **Just The Facts** can be used to enhance the current curriculum or be an intervention for at-risk students. Children achieve success through the step-by-step process, and enthusiasm about learning becomes contagious. Come see how **Just The Facts** empowers teachers by using these techniques that are proven to raise test scores and student confidence. **Just The Facts** provides the missing piece to the puzzle.

Who should attend???

Math Specialists and Intervention Teams for tutoring at-risk students.

Just The Facts workshops are **THREE** intensive, fun filled days, packed with new and innovative ways to implement the curriculum on your campus. These workshops are ideal for math specialist and intervention teams for tutoring at-risk students.

The Addition & Subtraction, and the Multiplication & Division workshop will cover the steps through learning vocabulary, number sentences, algebraic thinking, fact families, and then to assessments. Games are built-in throughout the program to reinforce concepts. Both workshops will teach you how to implement the steps and give you all the materials, manipulatives and supplies to set up one classroom.

Each teacher who attends the three day workshop will be provided the curriculum and the following materials:

12 tubs of real life looking manipulatives (ex: shells, bugs, leaves, ice cream, footballs, shoes etc..)
0-18 Flashcards for each combination (over 200 flashcards in algebraic number sentences) 1st & 2nd
Mixes Flashcards (over 1000 flashcards in algebraic equations)
Teacher Classroom set of all the games and boards on cardstock (+, -)

1 stapler/staples	Stuff for organization/teacher:
1 glue stick/glue	file folders to organize your binder
1 pair of scissors	1 hanging shoe chart for math tests 1 st & 2 nd
2 highlighters	12-16 plastic Tupperware shoe boxes for flashcards
1 box of Ziploc bags —large and small	Lima beans (+, -)
2 expo markers	Labels to make badges (Avery 15395)
2 pencils	DVD to make labels
1 timer	Chart paper for step by step instructions
2 dice	One's & Ten's (K)
1 hour glass	Flashcards 0-3 (K)
Musical instruments	one tub (K)

Cost:

Cost of three day training for Add/Sub OR Mult/Div will be a total of \$850.00 per teacher. A snack and catered lunch will be include, along with everything listed above, a copy of curriculum, and a <u>discounted</u> rate on a scheduled classroom visit to your individual campuses for follow-up.
Cost for Kindergarten training will be a total of \$400.00 per teacher, and will include lunch and a snack, curriculum, and listed materials for Kindergarten.

Workshop Site and Information: *For all dates scheduled.*

Located at: 10715 West Ave, San Antonio, Texas 78213

Meals:

Snacks and a Lunch each day will be provided by Just The Facts. Dinner and any other accommodations will need to be made by the attendee.

Hotel Accommodations: *Located near workshop site*
