

**Grades PreKinder - 2nd**

**Vocabulary and Ten Frames**

Start with the basics at a one day workshop to learn important vocabulary for addition and subtraction. The fun filled, one day workshop will help give you the skills to teach young minds essential vocabulary and numerous activities to use with ten frames.

**Grades 2nd - 6th**

**Number Sentence Game and Vocabulary**

Learn the basics of Just The Facts by starting with a one day workshop. This workshop will teach you the vocabulary that all students need to master in order to build a strong math foundation.. You will teach the importance of vocabulary by learning simple number sentence games for addition, subtraction, multiplication and division.

**Each workshop is only \$50 per teacher!!!**
